## PERSONAL.

Mrs. O. S. Kashi, of Carlisle, is visiting her sister Mrs. Laura Kashi this week.

Dr. Adeline Bell, of Cynthia, spent the week end with her mother, Mrs. Edgar Denton.

Dr. A. W. Jones attended the State meeting of the Knights Templar at Mt. Sterling last week.

Wm. T. Jones and family, of Cynthia, attended the funeral of John W. Darnell Saturday.

Misses Madeline Denton and Ida Rorer, of Lexington, visited Mr. and Mrs. A. N. Denton Thursday.

Mrs. J. J. Nesbitt has returned from a visit to her daughter, Mrs. Wilson Strader at Lexington.

Mrs. Laura Kashi has returned from a week's visit to her daughter, Mrs. Chas. Warren at Ashland.

Rev. Joe Jones, of Cynthia, attended the funeral and preached the funeral discourse of John Darnell Saturday.

Jas. King, Henry Watson, Clark Patterson, Bridges White and Matt Hunt, of Mt. Sterling, were here Friday attending court.

Mrs. L. E. Weddle and little son Edgar Ralph came Sunday to spend several weeks with her parents Mr. and Mrs. J. T. Ralph.

Duck Stone, of Omer, W. Va., left for home Friday, after a visit of several days to relatives near Wyoming and Owingsville.

Mrs. David Stamper left Monday to visit her daughter, Miss Ethel Stamper, who has a position as stenographer at Hazard, Ky.

Clyde Peed, who has a good job as a pipe line man in the Bell Creek oil fields, Lee county, came home last week to visit his family.

Miss Nettie Belle Arnold, who attends Kentucky University, Lexington, was here to take teachers' examination Friday and Saturday.

Miss Virgilene Byron, who attends Kentucky College for Women, Danville, was home Friday and Saturday to take the teachers' examination.

Miss Alta Chandler, who is attending State University at Lexington spent from Friday till Monday with her parents Riley Chandler and wife.

Miss Lucille Vice, who attends Kentucky College for Women, Danville, visited her parents Mr. and Mrs. J. L. Vice from Thursday until Sunday.

Reese Duff, wife and daughter, of Lexington, motored over Sunday and spent the day with Mr. Duff's brother and sister, Mr. and Mrs. Duff, and family, returning Monday morning.

Carroll Estill Byron, who has been trying out a job on the Lexington Herald, has returned and taken his old position as bookkeeper for the Owingsville Banking Co.

Mr. and Mrs. M. C. Burnaugh, Chicago, came Monday to spend couple of days with Mrs. Burnaugh and her family, Mr. and Mrs. F. Conner. Mrs. Burnaugh was 3 Juella Conner before her marriage.

John Young and wife, who with Miss Lillian Shroat, arrived at 2 O'clock Monday from British 11 drags, where Mr. Young has a position in the fruit business, will home today to visit Mrs. Young parents N. A. Shroat and wife.

Frank Cross, after spending winter in Florida, where he has a range grove, came home last week for the summer. Frank says the railroads got all the profits of the orange crop this season. Next year he will try the watermelon crop also.

T. S. Shroat after a business trip to Bowling Green and vicinity says there is much activity in the oil fields of Warren and adjoining counties, but that the excitement has in large measure abated and business is transacted with saner judgment than was the case last fall.

Scudder Coyle, of Cleveland, Ohio, attended the Knight's Templar convocation at Mt. Sterling last week and visited Owingsville, his old home. He is a son of Whaley Coyle and wife, who left here over thirty years ago. Scudder says there is much unemployed labor in Cleveland.

Engene Brother left Sunday for a stay of some time at Hazard. This is Mr. Brother's second trip to Hazard and he gives a glowing account of the business conditions of this thriving mountain town where there is a considerable Bath county colony, all of whom are prospering.

Miss Vella M. Scottow, of Frankfort, coached the play put on by the High School class here Monday

night, and to her efforts are due much of the success and enjoyment of this play. Miss Scottow has acted as coach for the High School plays here for several seasons. She was the guest of Misses Clara and Nettie Belle Arnold.

## OWINGSVILLE CITY SCHOOL COMMENCEMENT EXERCISES

The Baccalaureate Sermon at the Christian Church Sunday morning was an unusually good one and was preached by Brother H. S. Ficklin. The music for the occasion was excellent and the decorations were beautiful. Quite an interest was manifested in this service and a large crowd was present.

The Eighth Grade graduating exercises on Friday evening were greeted by a very large crowd and the various members of the class performed their parts well and deserve credit and praise for the splendid exercises that they gave.

The Senior Class exercises and play on Monday evening was a complete success in every way. The farce comedy, "The Elopement of Ellen," that the graduating class played was one of the best and most ably performed that the school has ever rendered. Each and every character played their part well and the audience left the auditorium praising the excellent rendition of the play. The Owingsville Orchestra furnished the music for the occasion.

The Graduating exercises of the Senior Class of the High School on Tuesday evening was, indeed, a success. The stage was beautifully decorated in the class colors, gold and white, and many beautiful flowers. Dr. E. C. McDougle, Dean of East Kentucky Normal School gave audience and Class an address which was highly complimented as a address for the occasion.

C. F. Martin in brief but well words presented the diplomas. Rev. C. L. Wilson presented Gold Medal given in Physics was won by Lydia Jane Maxey. R. W. Kincaid presented the Medal given in Plane Geometry won by Salter won the medal in Geometry but had a very close score. Gorman had an average of 95.79 per cent while in Crooks had an average of 95.6 per cent and John T. Kimbrough a third. The Owingsville Orchestra assisted by Joe Bogie of Mt. Sterling furnished music.

The Commencement exercises were a success and to be commended.

## Sentenced to Five Years in State Reformatory.

Cecil Ferguson tried on an indictment for robbing Jean Tiran, a Frenchman, on a C. & O. Freight train and afterward putting the man off the moving train, was found guilty by the jury and sentenced to five years in the State prison. The Frenchman, who had been in this country only a few months, could not speak English and his testimony was interpreted by Mrs. Espy Warner who speaks English well. Ferguson was tried separately from Iseman Ison and Raymond Chambers indicted jointly with Ferguson for this crime. The cases against Ison and Chambers were dismissed, there being no evidence to convict them. In fact the Frenchman testified that the four men who robbed him would have thrown him off the swiftly moving train into the creek at State bridge where it is probably 40 feet to the water, had they not been prevented by Chambers and Ison who claimed that they had nothing to do with this gang of robbers and hopes but were on their way to seek employment in Tennessee coal mines. The robbers seem to have been composed of Ferguson, Wm. Jones, who made his escape from jail here recently, and two unidentified men who left the train at Winchester on the night of the robbery. Ferguson is but 19 years old and is a son of John Ferguson, who moved from the eastern part of this county two or three years ago to Ironton, Ohio, where he now lives. Cecil was rearrested and taken to

the State prison at Lexington.

The Owingsville Orchestra furnished the music for the occasion.

The Commencement exercises were a success and to be commended.

The Owingsville High School baseball team defeated the Mt. Sterling High School team Friday by a score of 16 to 2 on the latter's grounds.

## FLORENCE OIL COOK STOVES

More Heat Less Care

A FLORENCE is a triple blessing — bakes, cooks and roasts and does it easily and at the same time. No ashes, no smoke, no fires to poke, no dampers to regulate. No wicks, no valves. Burns kerosene.

Come in and see how simply this oil stove works; how the intensely hot blue flame means more heat and less care. Let us show you why the Florence Portable Oven with its baker's arch assures even baking, tempting pastries and well-browned roasts.

## THREE YEAR OLD WASHED ASHORE

Ringman Tells of Adventure  
Childhood When Father's  
Ship Was Wrecked.

### ES LATER EXPERIENCE

James That the Way Tanlac Re-  
fined Her Health Is More Re-  
markable Than Anything She  
Has Ever Had Happen  
to Her.

"I've had some remarkable expe-  
riences in my life, but none more won-  
derful than the way Tanlac re-  
fined my health and made me gain twenty  
pounds," was the statement of Mrs.  
Christina K. Ringman, 1216 Albee St.,  
Oakland, Calif., one of the experiences  
to which Mrs. Ringman refers is well  
known to her friends. When a child  
of three years, accompanying her fa-  
ther, she was on a voyage, on an ocean  
trip, the vessel was wrecked, but she  
was almost miraculously saved, the  
small boat into which she was put be-  
ing washed ashore. According to her  
statement, Mrs. Ringman enjoyed the  
best of health until three years ago  
when she began to suffer from a bad  
form of rheumatism, and later from  
rheumatism. How she was com-  
pletely restored to health is best told  
in her own words:

"Nobody knows how I suffered for  
the past three years. No matter how  
carefully I ate I would endure agonies  
afterwards from smothering and  
sinking spells. Sometimes they were  
so severe I would fall to the floor and  
would have to be carried to bed. I  
went for days at a time without eat-  
ing, as I dreaded the misery I knew  
would follow, no matter what I ate.  
Then rheumatism set in and my should-  
ers and arms hurt so I couldn't  
com my hair. My back felt like it  
was breaking in two.

"I was almost in the depths of de-  
spair when I began on Tanlac, but this  
grand medicine has made me a well  
and happy woman. I'm not even trou-  
bled with rheumatism now, thanks to  
the Lin-Tac Tablets, which are far  
superior to anything of the kind I ever  
tried. It seems almost too good to  
be true, but here I am in the best of  
health and spirits after I had given  
up hope, and I'll always praise Tanlac  
for it."

Tanlac is sold by leading druggists  
everywhere.—Advertisement.

### Grim Jest

"I mentioned some of them toilet arti-  
cles wanted in your catalogue," said  
Cecilia Joe, who approached the  
young lady in charge of the novelty  
counter.

"Just what kind?"  
"Playin' cards, an' poker chips."

"You don't call them toilet arti-  
cles?"

"I do; longways the last few times  
I've used 'em they cleaned me proper."

### Important to all Women

Readers of this Paper

Thousands upon thousands of women  
have kidney or bladder trouble and never  
suspect it.  
Kidney's complaints often prove to be  
nothing else but kidney trouble, or the  
result of kidney disease.  
If the kidneys are not in a healthy con-  
dition, they may cause the other organs  
to become diseased.

You may suffer pain in the back, head-  
ache and loss of ambition.  
Poor health makes you nervous, irrita-  
ble and may be dependent; it makes you  
one.

But thousands of women claim that Dr.  
Kilmer's Swamp-Root, by restoring  
health to the kidneys, proved to be just  
the remedy needed to overcome such  
conditions.

Many send for a sample bottle to see  
what Swamp-Root, the great kidney,  
liver and bladder medicine, will do for  
them. By enclosing ten cents to Dr.  
Kilmer & Co., Birmingham, N. Y., you  
may receive sample size bottle by Parcel  
Post. You can purchase medium and  
large size bottles at all drug stores.—Adv.

## NEWS CULLINGS From Kentucky

Byron, Va. (Special), believed to be  
professionally, blew the safe of Wells  
& Frank, clothing merchants, and took  
\$1,000.

Mr. Vernon—Robert Roberts, who is  
released to have shot and killed his fa-  
ther, Robert Roberts, near Hazel Patch,  
was captured at Lexington, near here,  
by Jailer Lively and brought here to  
jail. The trouble came up over the  
division of moonshine liquor, it is re-  
ported.

Henderson—Gladie Johnson, 15,  
white, was sentenced to three years in  
the state reform school by acting  
County Judge John L. Dorsey, Jr., on  
an incorrigibility charge. The girl,  
after sentence, asked the court to make  
it five instead of three years, because  
she wanted to be "her own boss" when  
she was released.

Henningsburg—Following suicide in  
Dayton, Ohio, where he had been re-  
siding, the body of Ernest Plummer, 17,  
formerly of Henningsburg, arrived here  
for burial. Plummer drank carbolic  
acid. No reason is known for the act.  
He is said to have been in good health  
and spirits less than a week before he  
died.

Paducah—The commissioners ap-  
proved plans for a \$200,000 addition to  
the Riverside City Hospital, including  
provision for a modern laboratory and  
additional operating room. Contract  
for a new white way system downtown,  
and for approximately two miles of  
new street surfacing and sidewalks  
was let.

Barbourville—Ben E. Parker, travel-  
ing man and owner of two businesses  
in this city, was accidentally killed  
when struck by an automobile driven  
by Mrs. W. R. Lay. Mr. Parker was  
talking to occupants of a car which  
was slowly moving and did not hear  
the approach of the Lay machine, stop-  
ping directly in its path. He died in a  
few minutes.

Barbourville—Concussion of the  
brain, a broken arm and a broken ankle  
constitute the injuries received by  
Mrs. Florence Chadwell when she stepped  
off an L. & N. train at Hickford.  
Her condition is reported critical. It  
is reported that she was drinking  
getting off the train and was found  
some distance beyond where she should  
have alighted.

Louisville—Excellent work of the  
public school buildings during summer  
vacation will be made by the city  
health department. For the first time  
in the history of the department, clinics  
will be held at the various buildings  
by the school physicians with a special  
view to examining and treating chil-  
dren who expect to enter school next  
September.

Frankfort—Tax assessments of nine-  
teen railroads doing business in Ken-  
tucky were certified to the state audi-  
tor by the state tax commission. The  
largest was that of the Cincinnati, New  
Orleans and Texas Pacific Railroad Com-  
pany, the total assessment of  
which was set at \$1,567,670, of which  
\$1,057,040 was assessed on the plant,  
or tangible property, and \$510,630 as  
the value of the franchise.

Newcastle—More than half of the  
business section of the town of South  
Pleasureville was destroyed by fire.  
Six years ago the business district vir-  
tually was wiped out by fire. The  
buildings destroyed were those of the  
Smith & James grocery, the Bernhardt  
barber shop, the Kentucky Creameries,  
the New Church grocery, the Mallin  
drugstore and the Home telephone ex-  
change. The flames were halted at the  
Hudson hardware store.

Frankfort—Reports filed with the  
State Board of Charities and Corrections  
show that on April 1 there were  
7,051 persons confined in the seven in-  
stitutions of the state. Of the number  
3,401 are in the Eastern State Hospi-  
tal, 1,581 in the Central State Hospi-  
tal, 474 in the Western State Hospi-  
tal, 417 in the Feeble-minded Insti-  
tute, 422 in the House of Reform at  
Greendale, 1,601 in the State Reform-  
atory and 422 at Edgelyville.

Lexington—A decrease of \$5 an acre  
in the assessment of Fayette county  
farm lands, in addition to a general cut  
in the original assessment, figures  
which amounted to \$2,291,892, was an-  
nounced by the Board of Equalization,  
which adjourned after a thirty-four  
days' session. Assessment of town lots  
also was reduced approximately \$2-  
60,000. The assessment on farm lands  
now stands at about \$157 an acre for  
improved lands and \$130 for unim-  
proved land.

Shelbyville—Fatal injuries were re-  
ceived by David Harris, 54 years old,  
when he was struck by a C. & O. pas-  
senger train near the station here. He  
was walking on the track and, being  
deaf, stepped from a sidewalk directly  
in front of the locomotive. He was a  
bachelor.

Ravenna—Damage estimated at be-  
tween \$25,000 and \$30,000 was done by  
lightning here, which struck and set  
fire to an oil tank here belonging to  
the Indian Refining Company. The  
home of O. Kincaid also was struck.

Hickman—The farmers have been  
busy throughout this section getting in  
their crops, but the cotton crop this  
year is not going to predominate as it  
has heretofore for years. The cotton  
acreage has been cut possibly 75 per  
cent. Most of the cotton was planted  
in the bottom lands, but this is being  
replaced this year with other crops.

Frankfort—In a report on Union  
county, State Inspector and Examiner  
Henry E. James covered into the State  
Treasury \$270.47 collected from county  
officers.

To Make Slots for Belts.  
In making a slot to run belts or sashes  
through, have three rows of hemstitch-

crippled since birth, hanged himself to  
his bedpost with a necktie while his  
parents were attending church. When  
he had never walked and was a fami-  
liar character on Maysville streets,  
using a wheel chair and selling shoe-  
strings and pencils. For several days  
he had been telling members of his  
family that he was tired of life.

Owensboro—Charging that his fol-  
lowers, until lately a Madison county farm-  
er, had not disclosed to her the fact  
that he was a married man when he  
had her to the altar at Calhoun on No-  
vember 13, 1920, Clara E. Wilson has  
sued for divorce. She says she has learned that  
Keller married Zora Deacon at  
Rockport, Ind., in March, 1919, and had  
never been divorced. Keller is now in  
Indiana.

Frankfort—No corporation which  
has not been proposed has been operat-  
ing in the state can set up as an  
unincorporated company, according to  
an opinion handed to James P. Lewis,  
state banking commissioner, by As-  
sistant Attorney General MacGregor and  
made public by the commission. The  
court was rendered in the case of  
the Mutual Oil and Development Com-  
pany, which sought to sell five-year  
notes, after Commissioner Lewis, act-  
ing under the blue sky law, has forbid-  
den the company selling any more of  
its stock in the state until certain steps  
had been taken.

Frankfort—There are 101 idiots in  
Jefferson county, and eighteen in Fay-  
ette county, who are being persecuted  
by the state, according to Miss Helen  
Reeves, of the State Board of Char-  
ities and Corrections, who has just com-  
pleted an investigation of the cases in  
the two counties. Of the 101 cases in  
Jefferson county, eighteen were disal-  
lowed on recommendation of Miss  
Reeves, who also disallowed one case  
in Fayette county. The investigation of  
Miss Reeves showed that no fraud  
was being practiced by either county  
in connection with the committee ar-  
rangement for idiots.

Lexington—Gas will control the out-  
come of the next war, according to Dr.  
Arthur S. Loewenhardt, former Lexing-  
ton man, now head of the Department  
of Pharmacology and Toxicology at the  
University of Wisconsin, who was here  
on a visit. He is on his way back to  
the university after attending a con-  
ference of chemical warfare consultants  
at Edgewood Arsenal, Baltimore.  
"It is important for the future of Amer-  
ica that Congress pass the appropriate  
measures of \$1,500,000 for the  
chemical warfare service. Instead of  
the \$1,500,000 voted, which President  
Wilson vetoed as inadequate," he said.

Frankfort—The Natural Gas Com-  
pany, of this city, lost in the Franklin  
Circuit Court when Circuit Judge  
Stout sustained the demurrer to the  
complaint of the company for failure to  
pay the city of \$100,000 in gas rates. The  
company arbitrarily raised the gas rate  
from 10 cents to 20 cents per 1,000 cu-  
bic feet, and the city sued the com-  
pany to compel the reduction of the rate.  
The court held that the company  
could not legally arbitrarily raise the  
rates. The question of the reasonableness  
of the rate must be submitted to the  
City Council before the rate is  
raised, and governed by the actions of  
the Council.

Frankfort—Transfer of three guards  
at the State Reformatory here to duty  
at convict road camps and creation of  
a new camp, were announced here. It  
is said that the new camp will be on  
the site of the old camp, and the guards  
will be transferred to the new road camp  
in Barron county, and J. E. McGoun-  
gorey were promoted from guard at the  
reformatory to be superintendent at the  
Cumberland camp at Brookside,  
Ky. The new camp in Barron county,  
which is located seven miles from the  
Glasgow, was occupied by forty con-  
victs in this camp, and the guards  
will be transferred to the new road camp  
at Edgelyville. It also was announced  
that twenty-five convicts from Edgelyville  
prison will work on the roads of Lyon  
county during the summer. They will  
spend the nights inside the prison walls.

Frankfort—Five Kentucky women,  
all of whom are musicians of note,  
have been designated by Gov. Morrow  
to accept the scholarships offered  
American music students by the  
French des Beau Arts in the Fontaine-  
bleau School of Music, Paris, France.  
The hundred and fifty scholarships were  
offered American music students  
by the French Ministry des Beau Arts,  
and Kentucky's pro rata was five. Gov.  
Morrow was asked to select the musici-  
ans of this state who desired to avail  
themselves of the opportunity to study  
abroad and he named the first five  
who are mentioned in this article.

Frankfort—Miss Iva Dugley, Lexing-  
ton; Miss Christine Strange, Glasgow;  
Miss Mary Elizabeth Dugley, Princeps,  
and Miss Adkins, daughter of J. S.  
Adkins, of Williamsburg. The course  
begins June 25 and closes September  
25. The students will be transported  
to France on the same rate as extend-  
ed to persons in the diplomatic service.

Frankfort—Damages amounting to  
\$6,112.73 were returned in the Franklin  
Circuit Court in favor of the Growers  
and Bain Tobacco Warehouse Com-  
pany against N. J. Hitz, J. F. Dan-  
moh and the Main Street Warehouse  
Company, all of Louisville. The ver-  
dict was given the local tobacco com-  
panies on the ground of the alleged  
failure of the defendants to pay for  
tobacco purchased from them. The  
Louisville companies claimed that they  
did not authorize the purchase of the  
tobacco.

Glasgow—Veech Word, who was  
shot in the stomach by Dewey Burgess  
near the city limits, died at the local  
hospital. Burgess made his escape  
in a car after the shooting, carrying  
Mabel Jones, who was present when  
the shooting occurred. Deputy Sheriff  
Eugene C. Shaw, Willie Coombs and  
Bryon Adkins followed the car and  
found Burgess in bed at the home of  
a sister, near Mt. Herman, and placed  
him under arrest. The Jones woman  
left the car at Temple Hill, according  
to Burgess.

Alleged Confession  
FROM MASTER MIND  
OF CHICAGO BOMBING RING. THE  
HIDDEN HAND IN MYSTE-  
RIOUS FEUDS.

Danzo Accused By Prisoner, Police  
Say—Organized Terrorist Business  
in Operation For Use in Strikes or  
to Political Feuds, 'Tis Charged.

Western Newspaper Union News Service  
Chicago. The master mind of Chi-  
cago's bombing ring, the hidden hand  
in a series of mysterious feuds that  
involved dynamite and terrorized  
the city, is under arrest, police say.  
With him are eight other men, all  
said to have been members of the  
bombing ring. They all received a ter-  
rible blow when Andrew Kerr, police  
saw, confessed his part in the out-  
rage and named 12 other men. The  
eight under arrest with him are the  
dozen that he named. The alleged  
confession is a story of terror. It  
strips the protective covering from  
the men who have been working in  
the dark and merely straggled their  
shoulders when questioned about  
bombs. The reported confession re-  
veals that the bombing ring conducted  
an organized business; members could  
be hired to take part in strikes, race  
troubles or political feuds.

## WORLD NOT YET FILLED UP

There Are Many Places Where the  
Lover of Solitude Can Find What  
He Is Looking For.

Crowded as the world seems to be  
getting, Robinson Crusoe could find  
a haven today, and he would not have  
to resort to the polar regions, either.  
Numerous islands still dot the seas  
where a visitor would find no living  
soul, and there are others where the  
inhabitants are living in almost primi-  
tive simplicity, says a bulletin from  
the Washington headquarters of the  
National Geographic society.

Nor is it necessary for you to  
choose a plot of land belonging to  
any other than the United States.  
There is Baker's Island, 3,725 miles  
off from San Francisco, as well as  
many other such isolated dots in the  
Pacific, where there will be no chance  
of getting even a faithful Friday to  
share your lot. Vessels used to haul  
guano from the island, but today the  
guano is practically worked out.  
If you feel that you must have your  
wife somewhere in the offing you can  
send her on to Howland Island, 25  
miles to the westward, an equally de-  
serted spot, and row over to see her  
when you get bored with you free-  
dom.

Progress on Isle of Man.  
On the quaint and picturesque Isle  
of Man, made famous by Hall Caine's  
fiction, an ancient pump of the clunk-  
clunk variety, built into a masonry  
abutment on the face of a rock cliff,  
lifts its endless load of water some  
eighty feet from the pool below, says  
Popular Mechanics Magazine. For  
many years a big steam engine of ob-  
solete form, slow and extravagant of  
fuel, attended to the duty of turning  
the clunk shaft. But now the old boiler  
and cylinder are gone, and in their  
place a modern water motor has been  
installed. Its slim, efficient steel form  
rising from the cliff top in striking  
contrast with the primitive ruggedness  
of the earlier work of man and nature.  
The whirling 20-foot wheel of the new  
motor now is drawing up 14,000  
gallons of water an hour, as an aver-  
age figure, and it is significant of the  
value of modern methods that the  
saving of fuel, no longer needed for a  
hungry boiler, soon paid the cost of  
the mill.

Projected Aerial Newspaper.  
The last word in journalism is the  
Aerial Mail, a daily newspaper, which  
is edited, printed and published from  
an airplane in flight. The Daily Mail,  
which is sponsoring it, says it will con-  
tain the latest British and continental  
news, political, financial and general,  
received both at the moment the  
plane "takes wing."

Police Suspect "Grudge"  
Edgewood, Ark., Police Chief  
Wilson, who is investigating the kid-  
naping of Miss Edna K. Lee, a singer,  
expressed belief that she had been the  
victim of "an organized grudge."

Police Chief Wilson, who is investigat-  
ing the kidnaping of Miss Edna K. Lee,  
expressed belief that she had been the  
victim of "an organized grudge."

Read Newspaper.  
Kalamazoo, Mich., Police Chief  
valued \$3,500, lost since May 1, when it  
was carried from the offices of an ill-  
luna City medical firm by a re-  
patient, has been returned by him  
as announced. In an accompani-  
ment letter the patient, who had been  
arrested to return in three hours  
the ransom had been applied to the  
afflicted tissue, said he did not k  
its value until he read an account  
of its loss in a newspaper.

Bonus Fight Renewed.  
Washington—Senator Porter J.  
Candler, of North Carolina, Re-  
publican member of the Senate In-  
tern Committee, revived the effort to  
action in this Congress on the so-  
called soldiers' bonus bill, the "cash"  
features of which call for an additional  
outlay of nearly \$2,000,000,000, extend-  
ing over a period of five years. Sen-  
ator Candler estimates that the  
annual cost to the government under this  
act will be approximately \$150,000,000.

Senate Ideas Accepted.  
Washington—Senate and House  
conferences reached an agreement on  
the emergency tariff bill and the men-  
are probably will be reported. The  
House conference delegates accepted  
the Senate anti-dumping provisions  
with only a few changes, and agreed  
to the dye control section, with the  
period of control reduced from six  
months to three months.

Says \$10,000 Was Stolen.  
Chicago—A package containing \$10-  
000, sent by registered mail to the  
Federal Reserve bank here to the  
Grand Haven State Bank, at Grand  
Haven, Mich., several weeks ago, did  
not reach its destination and is be-  
lieved to have been stolen. A. E. Ger-  
mer, Acting Chief Postal Inspector, an-  
nounced. Postal authorities, Mr. Ger-  
mer said, have given up the idea that  
the package may have been lost.

Burning Ship Towed to Sea.  
New York—The United States mail  
steamship Palmetto State, with three  
hundred and fifty passengers, was  
being towed by powerful tugs to the  
Longview Flats. When it was  
apparent that no other method of ex-  
tinguishing the flames would suffice,  
the ship was maneuvered into position  
on the flats off Liberty Island and  
the flames in her aft compartment, was  
being towed to the Longview Flats.  
The ship was towed to the Longview  
Flats, and the flames were extinguished  
by the use of high-pressure water.

### WRITES THRILLING TALES

One of the most popular, most industrious and typically American writers of the day, is Randall Parrish. He deals largely in plots of romance, mystery and adventure. Frequently the setting is in the West, but not always. His latest story "The Mystery of the Silver Dagger" is laid in the East and introduces new characters and incidents. One of its unusual angles is the mystery with which he surrounds the principal female participant. You do not discover until the final chapter whether she is a dangerous criminal, a foreign spy, a secret service agent or just a normal, sweet American girl acting from a high sense of duty. Such uncertainty adds to the charm of the narrative. It will be offered soon as a serial in these columns. Be sure to get the opening installment.

### THE MYSTERY OF THE SILVER DAGGER

By RANDALL PARRISH  
Author of  
"The Strange Case of Coedish,"  
"Comrades of Peril,"  
"The Devil's Own," etc.

Here is a double-riveted mystery story as thrilling as anything this great master of mystery, adventure and romantic tales, ever has produced. It is compounded of love, intrigue, a million dollars and mysterious criminals in a most unusual combination.

It involves agents of the U. S. government and a band of South American plotters. Like all his stories it has some one unique feature. In this case it is the strange and puzzling character of the heroine.

### THREE PRESIDENTS ASK AID FOR CHINA

Harding, Wilson and Taft Appeal to Americans to Help Stricken Millions of Sister Republic.

The President and two ex-Presidents of the United States have joined, for the first time in the history of the country, in an appeal for a philanthropic enterprise. President Harding, ex-President Wilson and ex-President Taft are all in the forefront of the movement to send aid from America to the famine victims of China.

One of President Harding's first official acts after his inauguration, taken when he had been in the White House less than two weeks, was to renew the appeal made by his predecessor in behalf of America's sister republic in the East. President Harding said in part: "At this, the earliest practicable moment in my administration, I desire to add my own to the many appeals which have been issued heretofore in behalf of the starving people of a large section of China."

"The picture of China's distress is so tragic that I am moved, therefore, to renew the appeal heretofore made and to express the hope that the American people will continue to contribute to this humanitarian cause as generously as they possibly can."

In appointing the American committee for China Famine Relief, with its own immediate predecessor in the White House, ex-President Taft, as one of the members, and Thomas W. Laumont of New York as its chairman, President Wilson said in his proclamation: "Not only in the name of humanity, but in that of the friendliness which we feel for a great people in distress, I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distant but appealing cry for help."

Few Have Seen Radium.  
Radium is a metal that is described as having a white metallic luster. It has been isolated only once or twice, and few persons have seen it. It is ordinarily obtained from its ore in the form of sulphate, chloride or bromide, according to the United States geological survey, Department of the Interior, and it is in the form of these salts that it is usually sold and used. These are all white or nearly white substances, whose appearance is no more remarkable than that of common salt or baking powder. Tubes containing radium salts glow mostly because they include impurities which the radiations from the radium cause to give light. Radium minerals are very rarely, if ever, luminescent.

Really Indian Invention.  
Arabic figures were invented not by the Arabs but by the Indians.

Hypocrite Betrays Himself.  
Usually it is easy enough to feel whether there is a sound human heart behind the written or the spoken word. Fine phrases and exalted sentiments seldom mask the hollowiness of the hypocrite.—Victor Hugo.
